From 16th to 18th March 2016, the University of Maribor, Faculty of Organizational Sciences hosted its 35th International Conference on Organizational Science Development called “Sustainable Organization”, which took place in Portorož, Slovenia. We accepted 143 papers and 6 posters from 266 authors and co-authors, coming from Slovenia and the following foreign countries: Austria, Albania, Bosnia and Herzegovina, China, Colombia, Croatia, Czech Republic, Germany, Kosovo, Macedonia, Montenegro, Poland, Portugal, Russia, Serbia, Spain, Switzerland and the Netherlands.

In order to strengthen the Conference’s scientific flavour, increase its recognition, and give an extra reward to the best submitted papers, we have decided to publish Selected Papers, a special issue of the Conference Proceedings. This publication contains 21 papers in English, which have been carefully selected among all the accepted conference papers by the Conference Review Committee.

I congratulate the authors of all 21 selected papers, and thank the members of the Review Committee for their efforts. I hope that the Selected Papers issue will achieve its aims.
