Call for Papers for

SPECIAL SESSION ON APPLICATION OF OPERATION RESEARCH IN AGRICULTURE AND AGRIBUSINESS MANAGEMENT

at The 15th International Symposium on Operations Research in Slovenia (SOR '19)
which will be held in Bled, Slovenia, September 25 – 27, 2019.

Organized and chaired by: Professor Karmen Pažek and Professor Črtomir Rozman

Given the growing complexity and uncertainty in many decisions situations the agricultural decision makers more and more use quantitative models to support their decision making and planning. The symposium will focus on the development and application of operations research methodology, modeling tools and practice for decision assessment and support in agriculture, environment, farm management, agribusiness and related fields. We will welcome papers with the emphasis (but not limited) on the following topics:

- Simulation models
- Multi criteria decision models
- Optimization and multi criteria optimization
- Machine learning, data mining and forecasting
- Project management
- Econometric models and agricultural policy analysis
- Risk management

DEADLINES:

- Submission of contributed papers: June 16, 2019
- Referee's reports: July 15, 2019
- Submission of revised papers and copies of bank transfer: August 25, 2019
